YAMAHA Silent BRASS

THE PERSONAL STUDIO

An exclusive Yamaha chip digitally enhance your sound and gives you total control of your acoustic environment. With the Personal studio you can

- control your volume
- adjust the length of echo
- regulate the amount of reverb
- mix in other instruments
- input CDs or other sources for play-along record your output
- perform without microphone feedback

THE SYSTEM

You can play duets with other trumpets and also mix in other instruments with electronic output such as Clavinovas, Silent Pianos, or synthesizers, layer 1 & 2 inputs offer digital reverb to enhance your sound, while Aux in is a direct line-in unaffected by reverb. All three have separate volume controls to mix the sound.

The Silent Brass System Comes With:

- AC Power Adaptor (the system can also run on 6 AAA batteries)
- Special locking cable to connect the pickup mute to the Personal Studio
- Mini Stereo Earphones
- Soft Shoulder Bag (PM2 Only)
