PROFESSIONAL GUITAR CABLES

GTR-100 Series HEXAGONAL HEADSHELL/ULTRA FLEXIBLE

The GTR-100 Series features a hexagonal headshell for a superior positive grip. A spring-steel strain-relief ensures that your connections will be solid. Our high-density, high-strand-count shield means ultra-silent operation.

GTR-100 Series

ITEM#	DESCRIPTION	PRICE
GTR-110	Guitar Cable, 10 ft.	\$13.70
GTR-118	Guitar Cable, 18 ft.	17.30
GTR-125	Guitar Cable, 25 ft.	20.70

GTR-200 Series TRADITIONAL METAL

The GTR-200 Series features a traditional metal headshell with heat-shrink tubing that begins inside, under the headshell (protecting the solder connections), and extends outward along the outer cable jacket for three inches, forming an incredibly strong and resilient strain-relief. High-purity copper and pro-grade construction throughout.

GTR-200 Series

GTR-210	Guitar Cable, 10 ft.	10.30
GTR-218	Guitar Cable, 18 ft.	12.90
GTR-225	Guitar Cable, 25 ft.	15.50
GTR-205RT	Guitar Cable, 5 ft.	
GTR-225RT	Guitar Cable, 25 ft.	

GTR 300 Series INTEGRAL HEADSHELL

The GTR-300 Series sleek profile is the result of its functional design, incorporating a one-piece shell cover with an integral strain-relief. High-purity copper and high-strand-count shield assures noiseless operation.

GTR-400 Series

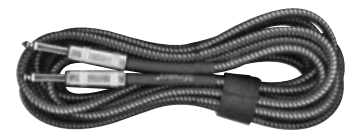

GTR-400 Series PRO EXTERIOR HEAT-SHRINK TUBING

Our finest professional guitar cable. An oxygen free copper inner conductor and high-density braided shield are expertly soldered to a high tolerance $\frac{1}{4}$ " phone plug, and then the whole. Head-shell assembly is tightly bonded to the cable with a poly shrink tube. Our best!

GTR-415	Guitar Cable, 15 ft.	14.20
GTR-420	Guitar Cable, 20 ft.	16.00
GTR-425	Guitar Cable, 25 ft.	17.75
